Jan. 2.

Notice.

THE great excitement in Gettysburg, its civil, is caused by PICKING'S CLOTHING, all new, and ready-made.

His goods are all fresh, his styles are all new, just drop in and see, and you'll find this is one if you want a fine coat, he has every shade, blue, brown and black, all well trimmed and made;

And his large stock of pants comprises all colors, the fine of Cassimere, Doeskins, and others. And now of his vests, all the patterns are new, fine of silk and satin, and velvets not too. His stock is too large to enumerate here,

In a word he has all that gentleman wear.

He has also a stock made especially for youth.

And his mode of dealing is fairness and truth;

And the best of all is the fact that not one is ill.

It is selling at prices to SUIT THE HARD TIMES.

You'll always find Clothing, in quality rare.

Made up of materials for service and wear;

Then give him a call, and you'll find him on hand;

In Chambersburg street, right at his old stand

Gettysburg, Oct. 17.

Winter Millinery.

MRS. McCREADY has now on hand a new and beautiful assortment of MILLINERY and FANCY GOODS, consisting of Bonnets, Hats and Caps, Bonnet-frames, and Silks and Velvets of all colors.

Frames, Feathers, Flowers and Ribbons to match; Lace Ruches, Illusion, Maline, and Wash-blond, Fancy Head dresses, Hair-balls, Hair-brushes, and Combs; Soaps, Perfume, and Lily white; Handkerchiefs and Embroideries; Steel-extencion Skirts, of all sizes; also, Cloaks and Shawls, (lastest styles) with a variety of other articles for the Ladies' Toilet too numerous to mention—all of which she will be happy to show to those who may give her a call.

Gettysburg, Oct. 31.

44—

The Gettysburg Railroad.

THE MORNING TRAIN will leave Gettysburg at 6.30 A. M., connecting at Hanover Junction with Express train to Baltimore at 8.37, and Mail train from Baltimore at 9.49, returning to Gettysburg at 12.30 noon, with passengers from Baltimore, York, Harrisburg, Philadelphia, and the North and West.

The AFTERNOON TRAIN will leave Gettysburg at 1 o'clock, P. M., connecting at Hanover Junction with Mail train to Baltimore at 3.37, returning to Gettysburg about 4.30, P. M., with passengers from York, Harrisburg, Philadelphia, and the North and West.

By the above arrangement passengers can go either North or South on the Northern Central Railway both morning and afternoon.

R. McCURDY, Pres't.

# THE ADAMS SENTINEL AND GENERAL ADVERTISER.

## Elopement and Remorse.

A few days ago, one of our city officials, tired of the domestic restraints thrown around him by an exacting wife, resolved upon eloping with a young lady with whom he had been for a long time desperately smitten. He secretly packed his trunks, and conveyed them to the depot of the Chicago, Alton and St. Louis Railroad, and the young lady affrossed performed a similar operation, and away they went on the wings of love towards St. Louis. By and by conscience, that worm which gnaws into the very soul of guilt, seized upon him and remorse followed. He wished himself back by his deserted fireside a thousand times. By the time he had reached a little station, a few miles this side of St. Louis, he was almost frenzied. He had not the moral courage to reveal his feelings to the guilty partner of his flight, and meeting a deputy sheriff of this county, he begged him to extricate him from his predicament. His friend, the deputy, acceded to this reasonable demand, and when the absconding husband had seated himself in the car, he walked up to him, and reading a bogus warrant arrested him and took him out of the car just as it was moving off, leaving the damsel to pursue her course alone.—*Chicago Herald.*

## Desperate and Suicidal Revenge.

HANOVERVILLE, (Ky.) Feb. 7.—H. A. Davidson went into the store of Messrs. Duncan yesterday, with a lighted bomb in a basket of eggs. The bomb exploded, blowing the store to pieces, and wounding Hon. Wm. Sterritt, C. B. Duncan, Jas. Reading, and Wm. Barret, some of them mortally. Davidson, the incendiary, was mortally wounded. It is supposed that the object of the attempt was to kill Sterritt for his course in regard to the late "Lowe" tragedy.

Orville Wood and a Miss Mack, residing in Olivet, Wis., were engaged to be married, but the young man got drunk one evening at a social party, whereupon the young lady's parents very properly raised objections to the contemplated union. The lady declared that she could not disobey her parents, and she preferred death to life without the object of her affections. In this state of the case, they agreed upon a mutual-suicide, to take place on the evening of the 6th inst., at the residence of Wood's brother-in-law. At the time appointed, Miss Mack, accompanied by her sister, drove up to the house of Wood's brother-in-law, whereupon Wood drew a pistol and shot himself through the head, falling dead at the feet of his intended just as she entered the room. Miss Mack instantly drew a pistol from her pocket and attempted to ratify her part of the bloody bargain by shooting herself, but was prevented by the efforts of her sister.

**FATAL RAILROAD ACCIDENT.**—On Sunday evening a burden train on the Northern Central Railway, when near Lutherville, Baltimore county, ran over a man named John Burns Sullivan, who, at the time, was intoxicated, and had fallen on the track. His little daughter, seven years old, was with him at the time, and endeavored to get him off the track in time, but could not. The man was instantly killed. The deceased resided at Rockland Factory, and leaves a wife and several small children. Justice Nelson Cooper held an inquest over the body, and the jury rendered a verdict that "the deceased came to his death by being run over by the cars."

In a letter to the Pope, dated Dec. 31, 1859, the Emperor Napoleon thus fully confirms his adhesion to the ideas set forth in the celebrated pamphlet of La Guerre-niere: "After a serious examination of the difficulties and of the dangers contained in the different combinations, I say, with sincere regret, and however painful the solution may be, that what appears to be the most conformable to the true interests of the Holy See would be to make the sacrifice of the revolted provinces. If your Holiness, for the repose of Europe, would renounce those provinces, which for fifty years have been a source of embarrassment to your government, and were in exchange to demand from the Powers to guarantee to you the possession of the remainder, I have no doubt that order would be immediately restored. Then your Holiness would secure to grateful Italy long years of peace, and to the Holy See the tranquil possession of the States of the Church."

On Saturday night a sad accident occurred at Volks Garten, No. 45 Bowery, New York. A ballet and rope dancer, called on the hills Mlle Josephine Louise, but whose real name was Mrs. Josephine Herskoff, the wife of a musician employed in the orchestra, having made a rope ascension from the stage to the gallery, was in the act of stepping down upon the stage, when her dress came in contact with one of the foot-lights and was instantly set on fire. Although assistance was immediately afforded, she sustained such severe injuries that death ensued.

**HORRIBLE DEATH.**—Miss Bettie C. Berkeley, daughter of Langdon Berkeley, Esq., of Hancock county, Va., met with a horrible death on the 4th inst. The Petersburg Press says:

It appears that Miss Berkeley was in the room standing close to the fire, having on a hoop skirt, and stooped down to remove a smoothing iron off the fire and turned round to deposit it on the floor, which act caused her skirt to expand and project in the rear directly over the blazing fire, and it was instantly inflamed, and all the rest of the combustible materials of her wearing apparel were set in a blaze in an instant. Her screams brought to her assistance some of the members of the household, who immediately threw her on a bed and wrapped her in a blanket, but their efforts proved unavailing, as she was roasted to a crisp in a few minutes. Miss Berkeley was a lovely girl of sixteen summers.

**MURDER-LOVING DOG.**—In a petition recently presented to the Ohio Legislature, praying for relief against the ravages of dogs among sheep, it is asserted that not less than \$150,000 worth of sheep is annually destroyed by these worse than useless brutes.

**POBLOUS.**—The little Island of Barbados, it may not be generally known, is the most densely populated country in the world, with an area of one hundred and sixty-six square miles, it contains 125,864 inhabitants.

THE ADAMS SENTINEL

GETTYSBURG:

MONDAY, FEB. 13, 1860.

In an editorial article last week, we allude to the delay in furnishing us Mr. Gitt's report on the East Berlin Railroad. Explanations have been made to us, which entirely relieve the persons concerned from any censure in the matter.

Mr. HENRY D. ZIEGLER has purchased the house and lot of Mr. PHILIP FASE, in East Middle street, at \$950.

Mr. JAMES S. WILSON has sold his farm in Cumberland township, 125 acres, to GEO. ARNOLD, Esq., for \$3,700 cash.

GEORGE ARNOLD, Esq., sold to JAMES S. WILSON, 52 acres of woodland in Franklin township, for \$1,820 cash.

The full amount of stock necessary to extend the line of telegraph from the Junction to Hanover, has been subscribed, and it is expected to be in operation in a month or six weeks.

From the Report of the State Superintendent of Common Schools, we learn the following as regards Adams County, that the average number of scholars attending schools in the County is 4,497, and the average cost of teaching each scholar 50c. per month. The number of male teachers in the County is 115, female 32; the average salary of male teachers \$23.08—of female \$18.81. There are 141 schools—and the whole number of scholars on the roll 7,025. The amount of tax levied for school purposes in the last year \$19,725.07. Received from the State \$2104.50.—Amount paid Teachers in last year \$14,505.06; fuel and contingencies \$2,091.97; cost of school-houses, renting, repairing, &c. \$4,308.01. Of this amount Gettysburg paid \$2,214.93.

A Railroad meeting is to be held at Waynesboro, on Saturday afternoon, when Mr. Gitt, the engineer, will make his report and exhibit a profile of the routes—Capt. Eichelberger, of Hanover, Capt. McCurdy, and D. Wills, Esq., it is expected will address the meeting.

A Convention of Pennsylvania Editors will take place at Harrisburg on Wednesday next. We should be much gratified to be present with our brethren, but cannot.

The Rev. P. RABY has accepted a call to the Lutheran-Churches in Petersburg, and neighborhood, and will take charge of that pastorate in a few weeks. He is at present pastor at Wrightsville.

The farmers in Bendersville and vicinity, have recently organized an Agricultural Society for advancement and improvement in that important science. Capt. JOHN BURKHOLDER has been appointed President, and Mr. FRANKLIN W. COOK, Secretary for the ensuing year.

An accident happened on Monday morning last to our fine Locomotive "Gettysburg," at the Granite cut, 5 miles from town. A rock of considerable size had fallen, and before the engine could be reversed, it struck the rock, and a cylinder was broken. No further damage was done. It will be in working order in a few days.

Nothing of general interest has been done in our Legislature—the time of both Houses being, occupied principally with private business.

The People's Convention of Cumberland county, last week, appointed Wm. B. IRVIN delegate to the State Convention, with instructions to support LEMUEL TODD for Governor.

The Committees of the House of Representatives of the United States were announced by the Speaker on Thursday.

We give below the Chairman of each:

Ways and Means—Sherman, of Ohio.

Commerce—Washburne, of Ill.

Elections—Gilmer, of N. C.

Judiciary—Hickman, of Pa.

Foreign Affairs—Corwin, of Ohio.

Claims—Tappan, of N. H.

Territories—Gow, of Pa.

Manufactures—Adams, of Mass.

Naval Affairs—Morse, of Maine.

Military Affairs—Stanton, of Ohio.

Public Lands—Thayer, of Mass.

District—Carter, of N. Y.

Post Offices—Millard, of Pa.

Post Offices—Collfax, of Ind.

But we need not enumerate all.—Mr. MCPHERSON is on the Committee on Public Buildings. Mr. STEVENS is on the Committee of Ways and Means.

Two more of the Harper's Ferry insurgents, Stevens and Hazlett, have had their trial, and were convicted. Death will be their fate.

At the present term of Oyer and Terminer, in the City of New York, twelve murder and manslaughter trials have already been disposed of, with only one acquittal, and twenty more remain to be tried!

A country Editor, in recording an accident to a boy whose clothes "took fire," states that "his whole body was burnt, besides other parts of his person." Won't our smart brother inform us which sentiments as we have quoted above, will he receive "a vote of thanks" in this community. We thus leave the Lecturer.

## The Hanover Lecture.

We took occasion, a week or two since, to notice a Lecture delivered at Hanover, by Dr. PEPPER, who, we have since learned, was formerly a resident of this County, but, at present, of York. We were so deeply impressed with the dangerous doctrines advanced, that we felt it a duty to make a remark upon the subject—as, in our opinion, such sentiments ought not to be advanced in this age of the world, amid all the light that Christianity has shed around us.

We, of course, know not what sophistry the Lecturer may now throw around his words, to mean this or mean that—we take them as we find them reported in the *Hanover Spectator* of the 27th of January—they are plain, and easily understood. That Journal says:

"He maintained the position that in order to form the proper conceptions of the infinite attributes of Deity, the Omnipotence and love of God, it is necessary to understand the laws by which His creation is governed. *Popular Theology*, he said, cramps the energies of the mind in regard to the studies of natural objects, by directing the attention too much to things seen and beyond the human comprehension.

The German Reformed Sabbath School of Gettysburg will celebrate its anniversary on the evening of the 22d of February. The Rev. Mr. GANS, of Harrisburg, will deliver an Address on the occasion.

The Republican members of Congress have appointed their National Executive Committee for the coming Presidential campaign. The principal members are Senator Cameron, and Messrs. Spalding, Alley, and Kilgore, of the House. Arrangements are to be made for circulating large quantities of documents.

## Valentines.

Our neighbor MINXIGU has received a supply of Valentines, both Comic and Sentimental, which he has ready for his friends for St. Valentine's day, which is rapidly approaching. He has also a very fine supply of *Confessionery*, which he would be pleased to have his friends call and see—and, as matter of course, buy.

On Monday evening last, the Rev. Dr. C. Wadsworth, of Philadelphia, was presented by his congregation with a beautiful casket, containing \$500 in gold; and the Rev. Dr. Hoge, of New York, who was burnt out last week, losing furniture to the amount of two or three thousand dollars, had a check for \$3,000 presented to him by his friends within 48 hours after the calamity.

The total imports for the month, at New York, amounted to \$21,756,273, of which \$228,050 were in specie. There has been a decrease of the stock in bond amounting nearly one and a half million dollars, (including the withdrawal for export,) and leaving the present stock in warehouses but little over ten millions. The general impression is that the imports at all the ports of the United States for the current fiscal year will be larger than for any previous year in the history of the country.

For the seven months since 1st July, the exports were \$79,764,976, of which \$87,371,405 were in specie. The Journal looks for large exports during the remainder of the year, and also for large imports; but, as we are now comparing with the very heavy totals for 1859, we cannot expect a continuation of the rate of increase which is here given. We may be certain, however, of a very large foreign commerce throughout the year.

The Franklin railroad was opened on Monday from Chambersburg to Greencastle, Pa.

Mr. Sanderson, the Democratic candidate, was elected Mayor of Lancaster, on Tuesday last, by a majority of 189 over Thomas H. Burrows.

Fifty children, averaging about twelve years, were on Tuesday sent off to homes in Illinois from the New York Juvenile Asylum. Mr. A. R. Wetmore, one of the officers of the Asylum, made a statement showing its beneficial results in recovering large numbers of wayward youth, mostly children of dissolute parents, and placing them in positions of usefulness. Nearly two thousand were sent West during the past year, and the expectation is that a much larger number will be provided for in the ensuing year.

The Lecturer has addressed us personally—calling us very hard names—"bigoted," "enlightened," "wrapped up in the popular delusions of the day," "our minds fixed against common sense," having "bigoted views of religion," that we have not intellect enough to appreciate his lecture, and that our presence would not have "added one iota to the amount of intelligence present."

The Lecturer has addressed us personally—calling us very hard names—"bigoted," "enlightened," "wrapped up in the popular delusions of the day," "our minds fixed against common sense," having "bigoted views of religion," that we have not intellect enough to appreciate his lecture, and that our presence would not have "added one iota to the amount of intelligence present."

Well, these remarks, he may fancy, hurt us, but they are like the idle wind—they pass us, and are gone. We heed them no more than the passing blast, which, as we write, is whirling around us.

As to "opening our eyes," and "enlightening our understanding," as he promises to do, we do assure him he shall not have the opportunity. We wish no stream from such a fountain. We have been tutored in, and are firmly fixed in, the beautiful "faith once delivered to the saints," and have no sympathy with Deism or its advocates.

We shall not, as he has intimated through the *Compiler*, assist to "procure, him a hall," and "pay his expenses to and from Gettysburg"—nor, we venture to say, if he ever does come, and delivers such sentiments as we have quoted above, will he receive "a vote of thanks" in this community. We thus leave the Lecturer.

At the Beckwith House and five adjoining buildings, in Peoria, Illinois, were destroyed by fire on Thursday last—loss heavy.

## The Printing Investigation—Interesting Developments.

The Senate Printing Investigating Committee met on Saturday. Mr. Wendell underwent an examination for upwards of three hours. It appears that some seven or eight parties were interested in the public printing, namely, Steadman, Banks, McLean, Walker, Rice, Severns and Bowman. He stated that he had paid out during the past year over one hundred thousand dollars for party support to newspapers and in aid of election expenses, in Pennsylvania principally, but extending over New Jersey, New York, Maryland, Ohio, &c. Considerable had been paid out by official authority, and some of his own free will. He also stated that by the action of the Senate in electing Bowman, who had given the work to Blair & Rives, he had been left penniless, with the largest establishment in the Union lying idle. Bowman's conduct towards Wendell was shown up in a very bad light. Bowman, it appears, has given part of the work to Jewett, editor of the *Pilgrim organ* of Buffalo. A. D. Banks and Jo. Severns were also examined. They did not seem to know much, except that they had received some material aid from Wendell.

On the 11th of January, MILTON S. JAYARAM, Esq. was elected U. S. Senator by the Legislature of California, in room of Mr. Broderick, deceased—beating Gov. Weller, the Administration candidate. His success is attributed to the determination of the people of the Democracy which have hitherto governed, to a great extent, the politics of the State. The new Senator was to leave for Washington by the steamer of the 5th of February. Mr. Latham was inaugurated as Governor on the day before his election as U. S. Senator, but desired the Senatorship; and the Lieutenant Governor, (Mr. Downey) becomes Governor for the ensuing two years, and was inaugurated on the 14th Jan. Mr. Latham is a native of Ohio, and went to California from Maryland.

CLEVELAND, Ohio, Feb. 4.—The Sandusky Register informs us that about fifty students were expelled from Kenyon College on Wednesday last. The cause for this action was a refusal on the part of the students to pledge themselves to attend the lectures.

The town of Nissia, on the island of Cyprus, has recently been afflicted with a terrible inundation. The rain commenced to fall at mid-day on the 10th of November, and a short time after, the river, on which the town is situated, commenced to overflow its banks. It rose so rapidly that the gates could be shut the whole town was under water, and the gate at the opposite end of the town being closed there was no outlet for the water, and nearly every house was soon inundated. The second gate finally yielded to the pressure, and the water was overflowing began to subside. The amount of injury done was very great.

There is no Clay, and no one to fill his place—"John C. BRECKENRIDGE.

A bill has been reported in our Legislature to prevent black men from marrying white women, and white men from marrying black women. Any alderman or clergyman, who shall perform a marriage ceremony against the law, shall be deemed guilty of a misdemeanor, and be subject to a fine of not more than \$500.

The furious northwest gale which we experienced here on Thursday night and Friday, was very severe on our Atlantic coast. Several houses were blown down in Philadelphia, and two men killed: and at New York many of the Ferry bridges were demolished, and great damage done to vessels at the dock. Here, we only heard the "whistling"—no damage done, beyond the disturbance of a little night-rest by some individuals.

At Bogota, South America, we learn by the last news from that country, that the London Bible Society had been distributing Bibles there, and that the Romish clergy had collected them all, and burned them in the public square. The article states that the British Minister there had protested against the act, and that the American Minister (Mr. Jones) was present, and believed it is, the Lecturer is in deep and dangerous error.

The great Apostle to the Gentiles says that "Faith is the evidence of things not seen"; and, in all his splendid imagery and unsurpassed eloquence, he ever dwelt upon that beautiful Faith in what he had not seen, but looked for, as had all the Old Testament saints. The Scriptures are full of the most striking demonstrations of the constant supervision of Providence over the affairs of men. The flood, the calling of Abraham, the destruction of the Cities of the Plain, the judgments upon Pharaoh, the doom of the Canaanites, the dispersion of the Israelites, down to that striking declaration of our Saviour, that "the hairs of our head are all numbered," and "not a sparrow falls to the ground without our Heavenly Father," exhibit the doctrine so plainly that "he who runs may read." And for one of us frail creatures of a day to pronounce, in the face of all Revelation, that the doctrine of a "Special Providence" is a fallacy and superstition, is a bold and Heaven-daring act—one we would fain commit.

The total imports for the month, at New York, amounted to \$21,756,273, of which \$228,050 were in specie. There has been a decrease of the stock in bond amounting nearly one and a half million dollars, (including the withdrawal for export,) and leaving the present stock in warehouses but little over ten millions. The general impression is that the imports at all the ports of the
